Claims 11 and 15-21 are rejected for lacking utility. The claims do not express a useful invention because it is not obvious what the benefit is of an in vitro method of inhibiting VEGF production in a cell from the tumor of a patient in need of treatment is.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11 and 15-21 are rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention. This is because the purpose of the invention is not set out in the claims. See p. 47, lines 5-11 of the specification.

Claims 11, 15, 16, and 18-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Srimanth et al. It discloses the use of compounds 2a-2h to treat cancer. Therefore it would have been obvious for the ordinary worker in the art to test in vitro the response of a tumor from a patient in need of treatment with one of the above compounds. Said compounds are included in the above instant claims except for claim 20 which covers hydroxyl analogs of the methoxy compounds which are disclosed by the reference.

Any change in the original rejections is caused by the amendment to the claims.

Applicants arguments have been addressed above.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1625

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
